SEPTEMBER 2026: FUND FACTSHEET

U.S. Mid-Cap Growth Fund

Marketing Communication

Fund Objective

The Brown Advisory U.S. Mid-Cap Growth Fund aims to achieve capital growth through stock selection and downside protection. We seek out companies that possess our "3G" characteristics—durable growth, sound governance and scalable go-to-market strategies—based on our belief that these traits lead to a higher probability of that company compounding earnings at an above-average rate for an extended period of time.

We establish our investable universe through market-cap and liquidity screens. From there, we conduct approximately 500 company interviews annually to find businesses that we believe will meet our 3G criteria over the next three to five years. Our global research team vets these companies via rigorous due diligence and draws on existing relationships with companies we have followed from start-up through small-cap to assemble a portfolio of companies we believe can offer investors attractive returns with below-market risk.
