ASSET SUMMARY

As of 03/31/2021

Firmwide Institutional Strategy Assets By Strategy Breakdown¹

Large-Cap Sustainable Growth Strategy Assets By Client Type Breakdown¹

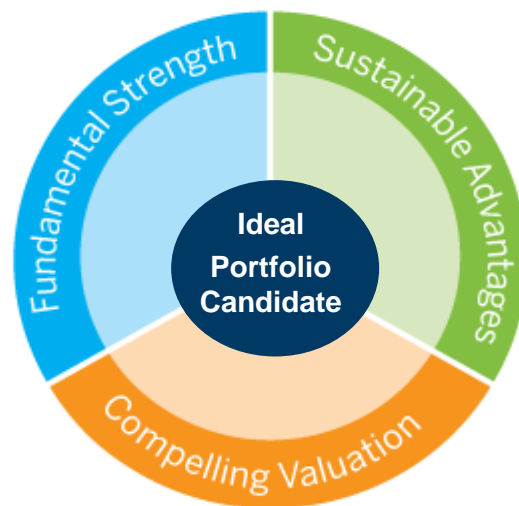

¹Numbers may not total due to rounding. Firmwide Institutional Strategy Breakdown represents assets under management in institutionally marketed strategies. ²Fixed Income strategy assets include the Core Fixed Income, Sustainable Core Fixed Income, Enhanced Cash, Intermediate Income, Limited Duration, Municipal Bond, and Tax-Exempt Sustainable strategies. This information is supplemental to the Brown Advisory Large-Cap Sustainable Growth Composite presentation.

U.S. LARGE-CAP SUSTAINABLE GROWTH

Investment Strategy

Brown Advisory Large-Cap Sustainable Growth Strategy

We seek competitive risk-adjusted returns over a full market cycle through a concentrated portfolio of companies that we believe offer **durable fundamental strengths**, **sustainable competitive advantages** and **compelling valuations**.

- Durable business models
- Secular market drivers

- Competitive differentiation
- *Sustainable Business Advantage (SBA)*

- Favorable reward versus risk, confirmed through research-driven financial models

Brown Advisory Large-Cap Sustainable Growth Strategy

1. We focus on sustainable advantages to uncover persistent drivers of shareholder value across the economy.
 2. We look for growth where other growth asset managers don't.
 3. We emphasize steady growth over rapid growth.
-

- Experienced portfolio management
 - Karina Funk, CFA. Investment experience since 2003. Joined Brown Advisory in 2009.
 - David Powell, CFA. Investment experience since 1997. Joined Brown Advisory in 1999.
- “Right-sized” team of research analysts
- Compensation structure that supports teamwork and aligns interests
- Broad perspective, given Brown Advisory’s other investment strategies and network of external thought leaders

Equity Research Team Principles

- Uphold an investment-performance-driven approach
- Promote the highest standards of ethics, transparency and professionalism
- Commit to a culture of shared responsibility
- Invest in our professional and personal growth

Universe consists of approximately 1,000 stocks:

- Minimum market cap of \$2 billion
- Listed on U.S. stock exchanges (includes ADRs)

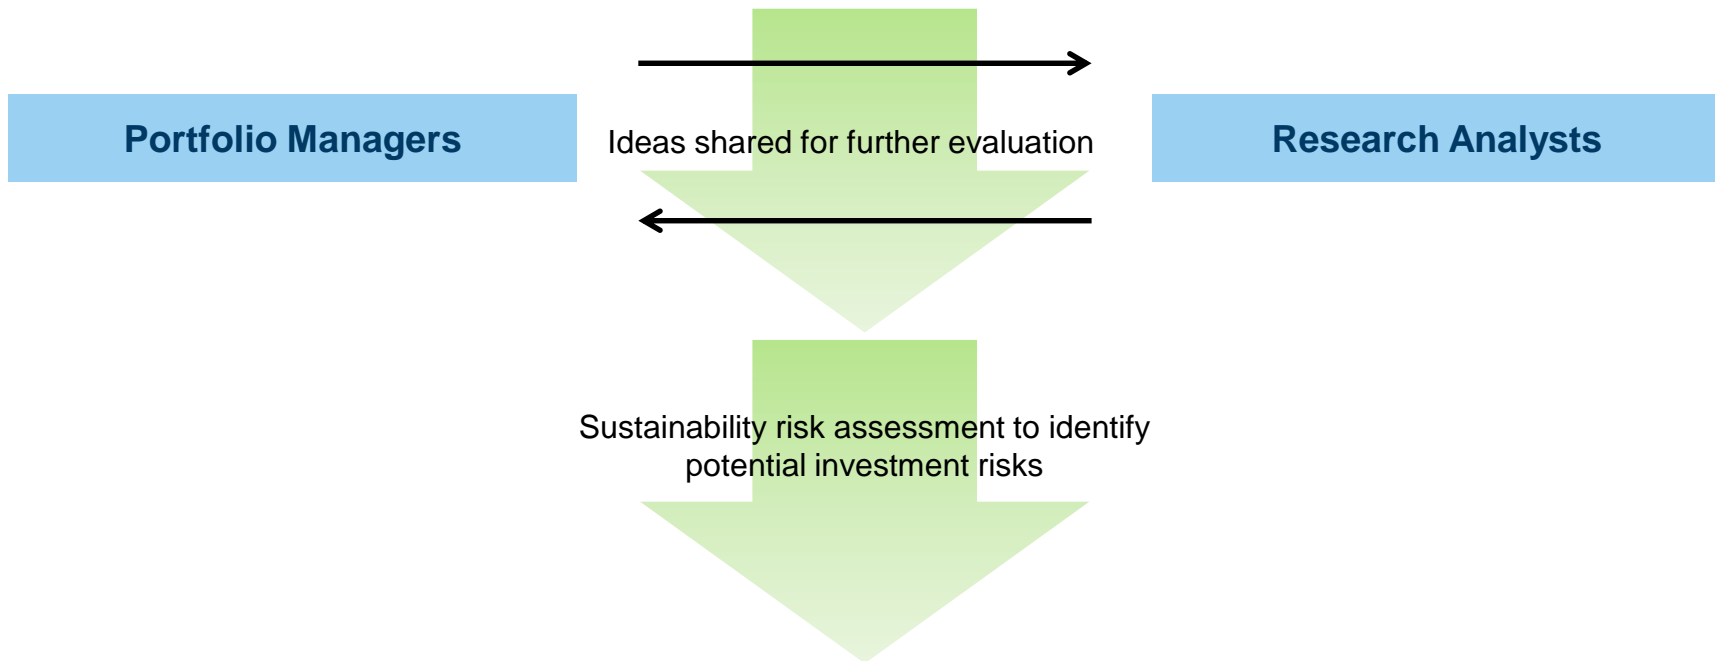

Generally consider companies whose historical EPS growth rate exceeds that of the benchmark

Highly Selective Investment Process:

Managers and analysts closely collaborate to generate ideas:

Approximately 80 names per year approved for further research

- Identify fundamental drivers of earnings growth
 - Core competitive advantages of business model
 - Business strength and market opportunity
 - Sustainable competitive advantages
- Rigorous interviews with management, competitors and customers
- Build upside / downside valuation framework
- “Stress test” thesis with sell-side

- Due diligence produces comprehensive quantitative and qualitative evaluation
 - Finalize investment thesis
 - Detailed bottom-up financial model establishes upside and downside scenarios
 - *Approximately 20-30 companies per year survive due diligence scrutiny*
- Final portfolio decisions guided by range in financial model versus current price
 - Mitigates emotion from investment decisions
 - Sustainable business advantage considerations can enhance valuation efforts
 - *Generally up to 10 new positions per year are added to the portfolio*

Detailed scenario analysis aids our effort to identify opportunities with favorable risk/reward

■ Typical portfolio attributes

- # of positions: 30-40
- Position size: 1%-5%
- Top 10 weight: 35%-50%
- Cash position: 1%-5%

■ Position size based on several factors

- Analyst and portfolio manager conviction regarding scenario projections
- Current valuation measured against upside / downside range
- Event-driven considerations

■ Long-term ownership philosophy

- Heavy up-front research to identify positions with long-term potential
- Portfolio is optimized frequently to match position sizes with upside / downside profiles
- Self-imposed “one in, one out” portfolio management discipline

We generally sell stocks for four reasons:

1 Fundamental Breakdown

- Growth drivers do not materialize
- Strategy or management change

2 Sustainable Advantages Breakdown

- Persistent competitive advantages compromised
- Sustainable business advantages decline

3 Valuation Expectations

- Valuation considerably overstates the fundamentals and is a “headwind” to total return

4 Alternative Opportunities

- In concentrated portfolios, limited membership creates competition for capital

Annual Performance

Return (%)

Source: FactSet. All returns greater than one year are annualized. Past performance is not indicative of future results. The composite performance shown above reflects the Large-Cap Sustainable Growth Composite, managed by Brown Advisory Institutional. Brown Advisory Institutional is a GIPS compliant firm and is a division of Brown Advisory LLC. Please see the Brown Advisory Large-Cap Sustainable Growth disclosure statement at the end of this presentation for a GIPS compliant presentation.

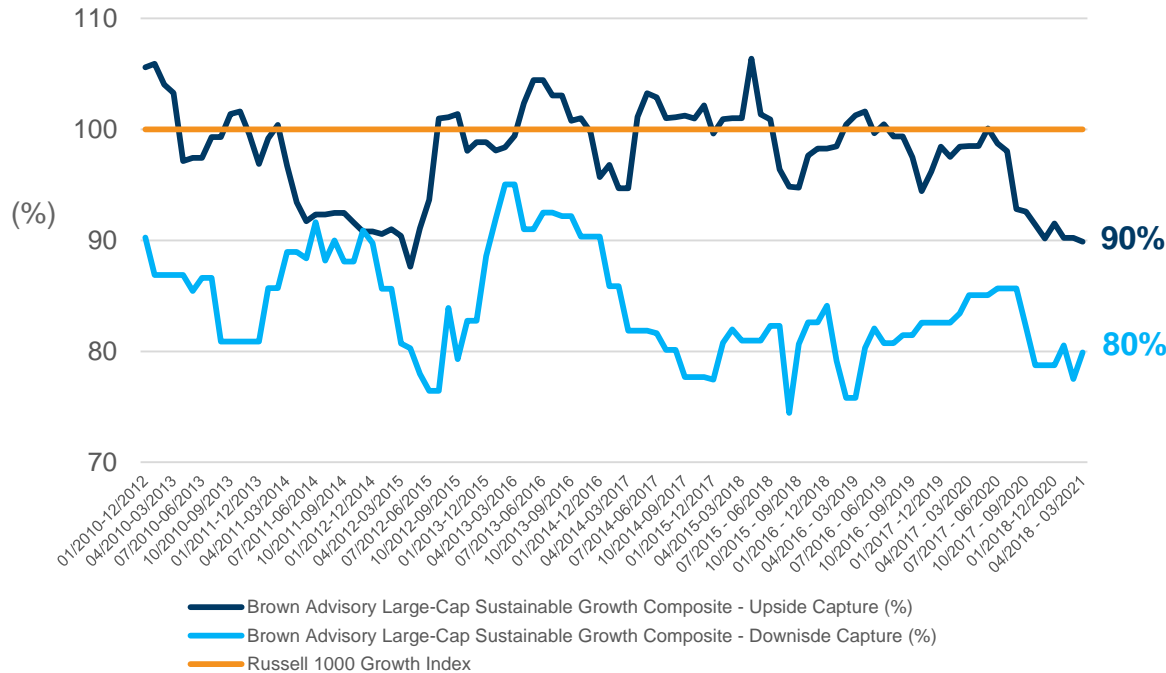

VALUATION DISCIPLINE AND PROCESS RESULTS

Our Valuation Framework Maximizes Upside Potential, Minimizes Downside Risks

Upside Capture (%) vs. Downside Capture (%)

12/31/2009 – 03/31/2021, Rolling 36-Month Period

Composite (Gross of fees) vs. Russell 1000® Growth Index, Monthly

Market Capture (%)

12/31/2009- 03/31/2021

Composite (Gross of fees) vs. Peers, Monthly

	Composite (Gross)	Peer Universe (Median)	Peer Rank
SINCE INCEPTION			
Up-Market Capture	96.8%	98.2%	57%
Down-Market Capture	84.3%	100.7%	5%

Peers: eVestment U.S. Large-Cap Growth Equity Median, 239 managers in the universe for the period. Please see the end of this presentation for a full universe description.

Source: eVestment. This upside/downside capture ratio is based on the Brown Advisory Large-Cap Sustainable Growth Composite returns (gross of fees) and the Russell 1000® Growth Index returns for rolling 36 month-ended periods. The graph is current through 03/31/2021 and is the most current data at the time of publication. The composite performance shown above reflects the Large-Cap Sustainable Growth Composite, managed by Brown Advisory Institutional. Brown Advisory Institutional is a GIPS compliant firm and is a division of Brown Advisory LLC. It is provided as supplemental information to the compliant Large-Cap Sustainable Growth composite at the end of this presentation. Upside capture ratio is defined as how well a portfolio performs in time periods where the benchmark's returns are greater than zero. For example, if the benchmark's upside capture is 100% and the portfolio's is 96.8%, then when the benchmark is up 10% your portfolio is up 9.68%. This portfolio performed worse than the benchmark when the market returns were up in certain historic periods. The downside capture ratio is defined as how well a portfolio performs in time periods where the benchmark's returns are less than zero. For example, if the benchmark downside capture is 100% and the portfolio's is 84.3%, then when the benchmark is down 10% your portfolio is down 8.43%. This portfolio did better than the benchmark in certain historic down periods. Past performance is not indicative of future results. Please see full disclosure statement at the end of the presentation for more information.

ESG RESEARCH TOOLS

- ESG Risk Management Assessment and Ratings
- Sustainable Opportunity Assessment and Ratings
- Use of Proceeds Assessment
- Thematic and Sector Focused Investigative Research

ENGAGEMENT TOOLS

- ESG Due Diligence
- Impact
- Advisory
- Collaboration
- Proxy Voting

REPORTING TOOLS

- Impact Reporting for **External Use**
- ESG Data Reporting for **Internal Use**

Framework for ESG Incorporation

FUNDAMENTAL STRATEGIES

These strategies support portfolio decisions with robust financial research and a rigorous investment process (as do ALL Brown Advisory strategies). Fundamental Strategies may leverage the firm's ESG research, but they do not require holdings to meet specific ESG risk or opportunity standards.

ESG STRATEGIES

These strategies support portfolio decisions with robust financial and ESG research. **In addition to meeting all criteria of our Fundamental Strategies**, holdings in ESG Strategies meet specific environmental, social and governance risk standards, and ESG research is systematically integrated in their investment processes.

SUSTAINABLE STRATEGIES

These strategies support portfolio decisions with robust financial and ESG research. **In addition to meeting all criteria of our Fundamental and ESG strategies**, a focus on sustainability is integral to the core philosophy of these strategies. Sustainability characteristics of holdings must drive tangible positive outcomes, in terms of financial performance and/or environmental or social impact.

SUSTAINABLE BUSINESS ADVANTAGE (SBA)

A growing number of fundamentally strong companies are using sustainable drivers to add value for shareholders. We believe these companies represent a compelling investment opportunity.

We seek out companies with particular sustainable drivers we refer to as **Sustainable Business Advantages** or **SBA**. Specifically, a company is considered to have SBA if it has the potential to create **tangible enterprise value** through sustainable drivers that lead to:

- **Revenue Growth:** attracting and retaining business through the sustainable attributes of its offering, or helping customers solve for challenging sustainability issues
- **Cost Improvement:** improving margins from efficient operations, risk mitigation or other measures that increase productivity while using less resources
- **Enhanced Franchise Value:** improving customer loyalty, attracting and retaining top talent, growing faster and taking market share through sustainable commitments and/or positive societal impact

Illustrative examples of how SBA might manifest are shown below.

SBA Driver	Business Scenario	Company Trait/Strategy	SBA Outcome
Revenue Growth:	Customers have an appetite for being more productive and saving money	Company offers solutions that help firms reduce energy, water or resource usage while improving customer throughput/yields	Helping customers save money while increasing their productivity is a persistent and compelling value proposition that can increase a company's sales growth
Cost Improvement:	IT firms host data centers that consume energy and produce emissions at a massive scale	Leading IT firms are working to reduce the energy and resource costs of operating these data centers	The companies who innovate and stay ahead of competitors can operate their centers more efficiently, and offer renewable energy within their customers' supply chains
Enhanced Franchise Value:	Consumers are increasingly migrating to environmentally and socially responsible products	Some companies are responding with ethical, healthy, organic products to meet this demand	Companies that have built sustainable product lines over time may enjoy customer loyalty and a strengthened brand

Engagement Philosophy

As part of our investment process, Brown Advisory regularly engages existing and prospective companies and issuers in discussions about a variety of ESG topics. We believe it is helpful for management teams to hear the perspectives of investors, and engagement can help signal to companies the level of investor support for impact-related actions. Our engagement efforts aim to promote transparency and enhance due diligence; to defensively identify risks and encourage companies/issuers to responsibly manage them; to offensively encourage ESG leadership and capitalize on opportunities; and to advise sustainable investing stakeholders to promote action on material and salient ESG issues.

Engagement Approach

1 ESG Due Diligence

We conduct ongoing discussions with companies/issuers to inform our investment research and decision-making.

2 Impact

We collaborate with companies/issuers and industry groups to advocate for improved ESG practices.

3 Advisory

We advise companies/issuers on best practices, such as developing robust ESG programs and structuring impact-oriented bond deals.

4 Collaboration

We partner with investor groups and NGOs to advance salient issues and tools that will benefit the larger investment community.

Our Four Engagement Priorities for 2021

General Disclosure

Diversity and Inclusion

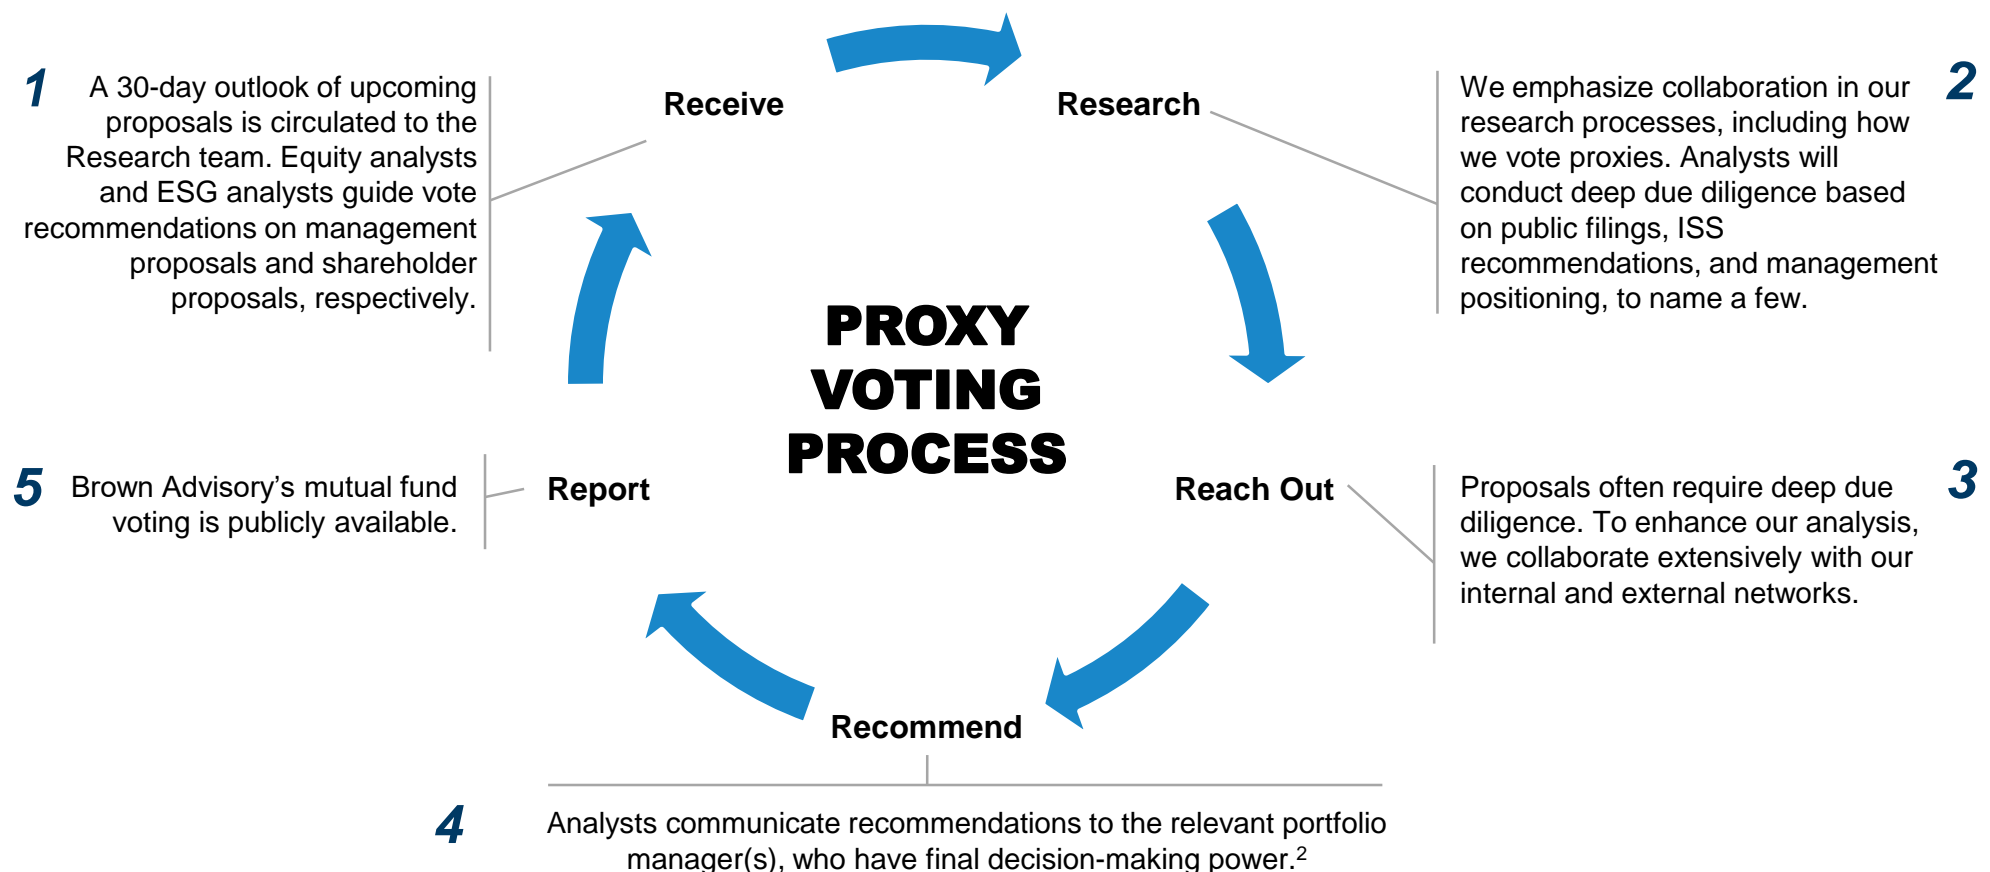

Climate Change

AI Ethics and Data Privacy

Brown Advisory takes the responsibility to vote proxies on behalf of our clients seriously. While we leverage a third-party advisor for vote execution, we vote all proxies on a case-by-case basis and support those proposals that we believe are in the best interest of long-term shareholder value. We have a defined proxy voting policy and process that is overseen by a Proxy Voting Committee.¹

¹ The Proxy Voting Committee consists of the following colleagues: Head of Equity Research, Fundamental and ESG analysts, Head of Messaging, Head of US Sales and Service, Chair of Sustainable Investing, Head of Sustainable Investing, General Counsel, Senior Compliance Officer, Operations team, and others. This group is responsible for guiding the overarching proxy philosophy at the firm.

² In the event portfolio managers disagree about a vote, which is very rare—less than 1% of votes—the vote can be split. In these cases, the proxy team is brought in, and the General Counsel must provide approval. The votes are split based on weight of ownership across the funds and SMAs.

INDUSTRY INITIATIVES/MEMBERSHIPS

Sampling of Organizations We are Members, Signatories or Supporters of:

Signatory of:

¹ Brown Advisory entities included are: Brown Advisory LLC, Brown Investment Advisory & Trust Company, Brown Advisory Ltd., and Brown Advisory Trust Company of Delaware, LLC. This is a sampling of organizations that we support.

Our independent Board of Directors provides objective guidance and insights.

WILLIAM C. BAKER*

Will is a director of Brown Advisory Incorporated and Brown Investment Advisory & Trust Company. He is president and CEO of the Chesapeake Bay Foundation. He is a trustee of Johns Hopkins Medicine, the Open Society Institute — Baltimore and the Clayton Baker Trust. He also serves as an emeritus board member of the Baltimore Community Foundation, a director of the Central Maryland Transportation Alliance, a member of the UMBC Board of Visitors and an honorary board member of the Garden Club of America. He is a founding director of the Greater Washington Board of Trade's Green Committee and the Living Classrooms Foundation.

HOWARD E. COX JR.

Howard is a director of Brown Advisory Incorporated. He is a special limited partner with Greylock Partners. In addition to his past Greylock Partners directorships, he is a past director of the Boston Globe, former director of the Foundation Board of Forum of Young Global Leaders, former director of the Population Council, former director of Partners HealthCare's investment committee, former director of the Kleberg Foundation's investment committee and the past chair of the National Venture Capital Association. He is director emeritus of Stryker (NYSE: SYK), a director for the Defense Business Board, and an executive committee member and board member of In-Q-Tel. Howard is an investment committee member of the Dana-Farber Cancer Institute, the Brookings Institution and the Museum of Fine Arts. He also serves as advisory trustee of various Fidelity mutual funds. Howard serves on various advisory boards for the Harvard Business School, Harvard Kennedy School, Harvard Medical School and Harvard T.H. Chan School of Public Health. He is president of the Clermont Foundation.

MATTHEW CUTTS

Matthew is a director of Brown Advisory Incorporated. He is a partner at Squire Patton Boggs LLP where he serves as co-chair of the Strategic Advocacy Public Policy Group, chair of the Tax and Financial Services Public Policy Group and as a member of the firm's Recruitment Committee. He has an extensive background in corporate litigation and spends a majority of his time advocating on federal tax policy. Matthew serves on the Federal City Council Board as Vice President and as Chairman of the Langston Initiative Project – a non-profit created to redevelop DC's publicly owned golf courses. He also serves on the board of the Ron Brown Scholar Program Steering Committee. Matthew is an Aspen Institute's Socrates Program Scholar. He was formally a member of Presidential Candidate Barack Obama's Mid-Atlantic Finance Committee and Mayor Adrian M. Fenty's Transition team and served as chair of the Washington, DC's Sports and Entertainment Commission, overseeing the capital construction of the Washington National's baseball stadium.

JOHN O. DOWNING

John is the vice chairman of the board of directors of Brown Advisory Incorporated, and a co-founder of CDK|Brown Advisory, a predecessor firm focused on hedge fund advisory solutions. Prior to founding CDK in 2002, he spent 19 years at Goldman Sachs & Co., where he was a general partner from 1992 to 2000 and served on the firm's Commitments and Credit Committees. During his last 10 years at Goldman Sachs, he ran European Equity Capital Markets and subsequently was one of several senior partners in the Global Equity Capital Markets group in New York. John is on the Investment Committee of Hotchkiss School, is a director of the Medical University of South Carolina Foundation and has served on several other endowment boards including Vanderbilt University. Additionally, John is the co-founder and board member of Vermont 99 Foods.

ROBERT J. FLANAGAN

Bob is a director of Brown Advisory Incorporated and serves as chair of the governance committee. He is president of Clark Enterprises and oversees the acquisition, management and development of new investment opportunities. He is also managing director of CNF Investments and serves on the boards of Eagle Oil & Gas Co, Svelte Medical Systems and Vascular Therapies. He is a director of the A. James & Alice B. Clark Foundation. Bob is also a member of the board of advisors of Georgetown University's McDonough School of Business. He was chair of the board of directors of Washington, D.C.'s Federal City Council, Martek Biosciences Corporation (NASDAQ: MATK) and Sagent Pharmaceuticals (NASDAQ: SGNT). Bob also was treasurer, secretary and a member of the board of directors of the Baltimore Orioles.

BENJAMIN H. GRISWOLD IV*

Ben is a partner of Brown Advisory and serves as a senior advisor. He is a director of Brown Advisory Incorporated, where he serves as chair of the investment committee, and is the chair of Brown Investment Advisory & Trust Company. Ben graduated from Princeton University and served as an artillery officer in the U.S. Army before receiving his MBA from Harvard. He joined Alex. Brown & Sons and became a partner of the firm in 1972, was elected director and vice chair of the board in 1984, and became chair of the board in 1987. Ben was a former director of the New York Stock Exchange and Stanley Black & Decker Inc. He retired from W.P. Carey & Co. LLC in June 2020 and is a member of Flowers Foods (lead director), Signal Hill Capital and Deutsche Bank's Americas advisory boards. He is trustee emeritus of the Johns Hopkins University.

*Also a director of Brown Investment Advisory and Trust Company

Our independent Board of Directors provides objective guidance and insights.

MICHAEL D. HANKIN*

Mike is a partner, a member of the Executive Team and serves as president and chief executive officer. He is a director of both Brown Advisory Incorporated and Brown Investment Advisory & Trust Company. He is deeply committed to the community and serves as Chairman of the Baltimore Healthy Harbor Project. He is a trustee of the Johns Hopkins University, trustee and vice chair of Johns Hopkins Medicine and chair of the board of managers of the Johns Hopkins University Applied Physics Lab. He also serves as president of Land Preservation Trust, is a trustee of the Center for Large Landscape Conservation, and is a director for the National Steeplechase Association and Associated Black Charities. Mike also serves on the board of directors of Stanley Black & Decker Inc. and on the boards of directors of three private companies, Tate Engineering Services, Inc., The Wills Group, Inc. and 1251 Capital Group, Inc. Mike earned a B.A. and M.A. from Emory University in 1979 where he graduated Summa Cum Laude and Phi Beta Kappa, and he received a J.D. from The University of Virginia School of Law in 1982.

BEATRICE H.M. HOLLOND

Bea is a director of Brown Advisory Incorporated. She is the chair of the U.K. Pearson's family investment office, chair of Millbank Investment Management and deputy chair of Millbank Financial Services. Bea also serves as the chair of Keystone Investment Trust, nonexecutive director and chair of the audit committee at Henderson Smaller Companies Investment Trust, senior independent director at Templeton Emerging Markets Investment Trust, independent director at M&G Group Limited, nonexecutive director of Telecom Plus and nonexecutive director of Foreign & Colonial Investment Trust. Bea remains involved at her alma mater, serving as chair of the investment committee and as an advisory fellow at Pembroke College at Oxford University. Additionally, Bea serves as a board member of the Soho Theatre Company in London, as trustee and as investment committee member of the Esmée Fairbairn Foundation and as a member of the finance advisory group of Salisbury Cathedral.

KATHERINE B. KALIN

Katherine is a director of Brown Advisory Incorporated. She has more than 25 years experience as a senior executive in the healthcare and professional services industries. Katherine's healthcare industry expertise spans diagnostics, medical devices and pharmaceuticals. Most recently, she led corporate strategy at Celgene for five years. She also held leadership roles in marketing, sales, strategy and new business development at Johnson & Johnson. Prior to that, Katherine was a partner at McKinsey and Company, where she negotiated and led consulting assignments, operating as a strategic advisor to senior executives. She also served as a manager in corporate finance at Nomura International in the U.K. and Japan. Her international work experience includes Asia, Europe and North America. Katherine also serves as a board member for Clinical Genomics Technologies and Primari Analytics.

GLENN R. MARTIN*

Glennie is a director of both Brown Advisory Incorporated and Brown Investment Advisory & Trust Company. She is the president of Clay County Port and of Universal Sales Corporation. Glennie serves as trustee for the Women's Hospital Foundation, the Missionary Emergency Foundation and the Richard S. Reynolds Foundation.

ROBERT S. MURLEY

Bob is a director of Brown Advisory Incorporated and serves as chair of the finance committee. He is vice chair and a senior advisor at Credit Suisse (NYSE: CS) and chair of investment banking in the Americas. Bob serves as the vice chair of the Ann & Robert H. Lurie Children's Hospital of Chicago, chair of the Lurie Children's Foundation, chair of the board of the UCLA Anderson School of Management, trustee of the Museum of Science and Industry of Chicago and a member of the Economic Club and the Commercial Club of Chicago. Bob also serves as trustee emeritus of his alma mater, Princeton University, and of the Princeton University Investment Company.

*Also a director of Brown Investment Advisory and Trust Company

Our independent Board of Directors provides objective guidance and insights.

CHARLES E. NOELL III

Charlie is a director of Brown Advisory Incorporated. He is the co-founder of JMI Equity Partners, a technology-focused private equity firm based in Baltimore, MD and San Diego, CA. He currently serves as a director of CoreHR, Iris Software Systems, LZ Labs, Scalable Software and Greystar Real Estate Partners. Since 1991, Charlie has been president of the family investment company of John J. Moores, the founder and former chairman and CEO of BMC Software, Inc. Prior to joining JMI, Charlie served as a managing director and co-head of the technology group of investment bank Alex. Brown & Sons. He serves on the Board of Trustees of Center Stage, Baltimore's largest professional producing theatre, and on the Board of Governors of St. Christopher's School and St. James Academy.

WALTER D. PINKARD JR.*

Wally is a director of Brown Advisory Incorporated and Brown Investment Advisory & Trust Company. He is a senior advisor at Cushman & Wakefield. He also serves as president, investment committee member and board member for the France-Merrick Foundation and as a trustee of Johns Hopkins Medicine. He is the chair of the Hippodrome Foundation and of the National Advisory Council of the Johns Hopkins University School of Nursing. Wally is a trustee emeritus of the Johns Hopkins University, the Baltimore Community Foundation and the Stulman Foundation. Wally is a board member of Dome Corporation and Central Maryland Transportation Alliance. Wally is a director and chair of finance and the investment committee for Baltimore Life Insurance Company.

DAVID ROBINSON

David is a director of Brown Advisory Incorporated. He is the co-founder of Admiral Capital Group, a real estate and private equity firm, and the founder of Carver Academy, a public charter school located in San Antonio, Texas. He spent 14 years in the NBA with the San Antonio Spurs and was inducted into the Naismith Memorial Basketball Hall of Fame in September 2009. In recognition of Mr. Robinson's philanthropic leadership, the NBA named its annual community service award the "David Robinson Plaque." He is a graduate of the U.S. Naval Academy with a degree in mathematics, and received a Master's in Administration from the University of Incarnate Word.

*Also a director of Brown Investment Advisory and Trust Company

TERMS AND DEFINITIONS

Representative Account Calculations

The views expressed are those of the author and Brown Advisory as of the date referenced and are subject to change at any time based on market or other conditions. These views are not intended to be and should not be relied upon as investment advice and are not intended to be a forecast of future events or a guarantee of future results. Past performance is not a guarantee of future performance and you may not get back the amount invested. The information provided in this material is not intended to be and should not be considered to be a recommendation or suggestion to engage in or refrain from a particular course of action or to make or hold a particular investment or pursue a particular investment strategy, including whether or not to buy, sell, or hold any of the securities mentioned. It should not be assumed that investments in such securities have been or will be profitable. To the extent specific securities are mentioned, they have been selected by the author on an objective basis to illustrate views expressed in the commentary and do not represent all of the securities purchased, sold or recommended for advisory clients. The information contained herein has been prepared from sources believed reliable but is not guaranteed by us as to its timeliness or accuracy, and is not a complete summary or statement of all available data. This piece is intended solely for our clients and prospective clients, is for informational purposes only, and is not individually tailored for or directed to any particular client or prospective client.

All investments involve risk. The value of the investment and the income from it will vary. There is no guarantee that the initial investment will be returned. ESG considerations that are material will vary by investment style, sector/industry, market trends and client objectives. The strategy seeks to identify companies that it believes may have desirable ESG outcomes, but investors may differ in their views of what constitutes positive or negative ESG outcomes. As a result, the strategy may invest in companies that do not reflect the beliefs and values of any particular investor. The strategy may also invest in companies that would otherwise be screened out of other ESG oriented funds. Security selection will be impacted by the combined focus on ESG assessments and forecasts of return and risk. The strategy intends to invest in companies with measurable ESG outcomes, as determined by Brown Advisory, and seeks to screen out particular companies and industries. Brown Advisory relies on third parties to provide data and screening tools. There is no assurance that this information will be accurate or complete or that it will properly exclude all applicable securities. Investments selected using these tools may perform differently than as forecasted due to the factors incorporated into the screening process, changes from historical trends, and issues in the construction and implementation of the screens (including, but not limited to, software issues and other technological issues). There is no guarantee that Brown Advisory's use of these tools will result in effective investment decisions.

As of March 31, 2021, Brown Advisory had approximately \$114.5 billion in client assets, based on preliminary estimates that are subject to change, for the following entities: Brown Advisory LLC, Brown Investment Advisory & Trust Company, Brown Advisory Securities LLC, Brown Advisory Ltd., Brown Advisory Trust Company of Delaware, LLC, Brown Advisory Investment Solutions Group LLC, Meritage Capital LLC, NextGen Venture Partners LLC and Signature Financial Management, Inc. Total strategy assets include accounts that are excluded from the composite. These assets include (1) single strategy assets of balanced accounts, (2) accounts that do not meet the composite minimum market value requirement and (3) accounts with restrictive guidelines.

Universe performance rankings from eVestment. The performance rankings may not be representative of any one client's experience because the ranking reflects an average of the accounts that make up the composite and is provided as supplemental information. eVestment U.S. Large-Cap Growth Equity represents managers that invest in companies with a market capitalization value of more than \$10 billion. Managers in this category will typically indicate Large-Cap and a "Primary Style Emphasis" equal to Growth. The expected benchmarks for this universe would include the Russell 1000® Index or S&P 500® Index. The minimum criteria necessary for inclusion in an eVestment Universe are 1) minimum of one year of performance history, and 2) updated portfolio characteristics for the product. All products meeting the criteria are evaluated for inclusion. Managers voluntarily populate performance data into the database for inclusion, and the number of managers in each period only consists of managers that were in the universe for that entire period.

All financial statistics and ratios are calculated using information from FactSet as of the report date unless otherwise noted. FactSet® is a registered trademark of FactSet Research Systems, Inc. The Global Industry Classification Standard (GICS) was developed by and is the exclusive property of MSCI and Standard & Poor's. "Global Industry Classification Standard (GICS)", "GICS" and "GICS Direct" are service marks of Standard & Poor's and MSCI. "GICS" is a trademark of MSCI and Standard & Poor's.

Market Capitalization refers to the aggregate value of a company's publicly traded stock. Statistics are calculated as follows: **Weighted Average:** the average of each holding's market cap, weighted by its relative position size in the portfolio (in such a weighting scheme, larger positions have a greater influence on the calculation).

Enterprise Value/Free Cash Flow (EV/FCF) is the enterprise value of a company (defined as market value plus debt minus cash and minority interests) divided by its free cash flow (defined as operating cash flow minus net capital expenditure). EV/FCF calculations presented use FY2 earnings estimates; FY1 estimates refer to the next unreported fiscal year, and FY2 estimates refer to the fiscal year following FY1.

Dividend Yield is the ratio of a stock's projected annual dividend payment per share for the fiscal year currently in progress, divided by the stock's price.

All of the above ratios for a portfolio are expressed as a weighted average of the relevant ratios of each portfolio holdings, EXCEPT for P/E ratios, which are expressed as a weighted harmonic average.

Name Turnover is the ratio of the lesser of the portfolio's aggregate purchases or sales during a given period, divided by the average value of the portfolio during that period, calculated on a monthly basis. Portfolio turnover is provided for a three-year trailing period.

LARGE-CAP SUSTAINABLE GROWTH COMPOSITE

Year	Composite Total Gross Returns (%)	Composite Total Net Returns (%)	Benchmark Returns (%)	Composite 3-Yr Annualized Standard Deviation (%)	Benchmark 3-Yr Annualized Standard Deviation (%)	Portfolios in Composite at End of Year	Composite Dispersion (%)	Composite Assets (\$USD Millions)*	GIPS Firm Assets (\$USD Millions)*

Brown Advisory Institutional claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards. Brown Advisory Institutional has been independently verified for the periods from January 1, 1993 through December 31, 2019. The Verification reports are available upon request. Verification assesses whether (1) the firm has complied with all the composite construction requirements of the GIPS standards on a firm-wide basis and (2) the firm's policies and procedures are designed to calculate and present performance in compliance with the GIPS standards. Verification does not ensure the accuracy of any specific composite presentation. GIPS® is a registered trademark owned by CFA Institute.

- *For the purpose of complying with the GIPS standards, the firm is defined as Brown Advisory Institutional, the Institutional and Balanced Institutional asset management divisions of Brown Advisory. As of July 1, 2016, the firm was redefined to exclude the Brown Advisory Private Client division, due to an evolution of the three distinct business lines.
- The Large-Cap Sustainable Growth Composite (the Composite) includes all discretionary portfolios invested in the Sustainable Large Cap Strategy. The strategy invests primarily in large market capitalization companies with financially and environmentally sustainable business models. The minimum account market value required for Composite inclusion is \$1.5 million. Prior to 2012, the minimum was \$100,000.
- ESG considerations that are material will vary by investment style, sector/industry, market trends and client objectives. The strategy seeks to identify companies that it believes may have desirable ESG outcomes, but investors may differ in their views of what constitutes positive or negative ESG outcomes. As a result, the strategy may invest in companies that do not reflect the beliefs and values of any particular investor. The strategy may also invest in companies that would otherwise be screened out of other ESG oriented funds. Security selection will be impacted by the combined focus on ESG assessments and forecasts of return and risk. The strategy intends to invest in companies with measurable ESG outcomes, as determined by Brown Advisory, and seeks to screen out particular companies and industries. Brown Advisory relies on third parties to provide data and screening tools. There is no assurance that this information will be accurate or complete or that it will properly exclude all applicable securities. Investments selected using these tools may perform differently than as forecasted due to the factors incorporated into the screening process, changes from historical trends, and issues in the construction and implementation of the screens (including, but not limited to, software issues and other technological issues). There is no guarantee that Brown Advisory's use of these tools will result in effective investment decisions.
- Prior to March 31, 2013, the strategy was named Large-Cap Sustainability. Prior to December 31, 2011, the strategy was named Winslow Green Large Cap. No changes have been made to the strategy since inception.
- The Composite was created in 2010. The Composite inception date is January 1, 2010.
- The benchmark is the Russell 1000® Growth Index. The Russell 1000® Growth Index measures the performance of the large-cap growth segment of the U.S. equity universe. It includes those Russell 1000® Index companies with higher price-to-book ratios and higher forecasted growth values. The Russell 1000® Growth Index is constructed to provide a comprehensive and unbiased barometer for the large-cap growth segment. The Index is completely reconstituted annually to ensure new and growing equities are included and that the represented companies continue to reflect growth characteristics. The Russell 1000® Growth index and Russell® are trademarks/service marks of the London Stock Exchange Group companies. An investor cannot invest directly into an index. Benchmark returns are not covered by the report of the independent verifiers.
- The composite dispersion presented is an equal-weighted standard deviation of portfolio returns calculated for the accounts in the Composite for the entire calendar year period. The composite dispersion is not applicable (N/A) for periods where there were five or fewer accounts in the Composite for the entire period.
- Gross-of-fees performance returns are presented before management fees but after all trading commissions, and gross of foreign withholding taxes (if applicable). Net-of-fee performance returns reflect the deduction of actual management fees and all trading commissions. Certain accounts in the Composite pay asset-based custody fees that include commissions. For these accounts, gross and net returns are also net of custody fees. Other expenses can reduce returns to investors. The standard management fee schedule is as follows: 0.80% on the first \$10 million; 0.65% on the next \$15 million; 0.50% on the next \$25 million; and 0.40% on the balance over \$50 million. Further information regarding investment advisory fees is described in Part II A of the firm's form ADV. Actual fees paid by accounts in the Composite may differ from the current fee schedule.
- The three-year annualized ex-post standard deviation measures the variability of the Composite (using gross returns) and the benchmark for the 36-month period ended on December 31. The 3 year annualized standard deviation is not presented as of December 31, 2010 and December 31, 2011 because 36 month returns for the Composite were not available (N/A).
- Valuations and performance returns are computed and stated in U.S. Dollars. All returns reflect the reinvestment of income and other earnings.
- A complete list of composite descriptions, policies for valuing portfolios, calculating performance, and preparing compliant presentations are available upon request.
- Past performance is not indicative of future results.
- This piece is provided for informational purposes only and should not be construed as a research report, a recommendation or suggestion to engage in or refrain from a particular course of action or to make or hold a particular investment or pursue a particular investment strategy, including whether or not to buy, sell or hold any of the securities mentioned, including any mutual fund managed by Brown Advisory.
