What fees will I pay?

The fees you will pay for brokerage services are different than the fees you will pay for investment advisory services. You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

- Help me understand how these fees and costs might affect my investments.
- If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

You will pay commission fees to us based upon the volume of trading activity that occurs in your account and the commission fee schedule set forth in your brokerage agreement. The more trades that occur in your account, the more fees you pay to us. Therefore, we have an incentive to increase the frequency of trades in your account. In certain instances, these fees include 12b-1 fees for the purchase of unaffiliated mutual funds or management fees with respect to investments in mutual funds managed by our affiliates. If you have a brokerage account with us, you may be subject to other fees, such as a custodian fees, account maintenance fees, and internal expenses of the mutual fund products.

These fees cover execution, consulting and custodial services, as well as the management fee paid to the selected advisers. WFCS, LLC pays a portion of the fee to each adviser who advises on your account based on the total aggregate value of your accounts in the program. Breakpoint discounts may lower the fees you pay as your account value grows. Therefore, WFCS, LLC has an incentive to recommend advisers who have negotiated higher fee percentages. Additionally, some program advisers may be WFCS, LLC affiliates. Therefore, WFCS, LLC has an incentive to recommend WFCS, LLC affiliated advisers for the program. The standard annual fee may be up to 2.50% of the total account value.
- ii. **Network Program Fees:** You have a choice of selecting between two payment schedules for our services: (i) Standard Fee Schedule and (ii) Execution Fee Schedule.

- a. **Standard Fee Schedule:** You will pay a tiered, annual fee, negotiated at the time of account opening, which will be based on the value of your account. Any services provided by the Network Program adviser will be billed separately by the Network Program adviser.

- iii. **UMA Program Fees:** Fees for UMA program accounts are only offered on a wrap fee basis and cover execution, consulting and custodial services, as well as the management fee paid to the selected advisers. WFCS, LLC pays a portion of the fee to each adviser who advises on your account based on the total aggregate value of your accounts in the program. What are your legal obligations to me when providing recommendations as my broker-dealer or when acting as my investment adviser? How else does the Firm make money and what conflicts of interest do you have?

Standard of Conduct

When we provide you with a recommendation as your broker-dealer or act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money may conflict with your interests. You should understand and ask us about these conflicts because they can affect the recommendations and investment advice we provide you. Here are some examples to help you understand what this means.

Brokerage Services: Examples of Ways We Make Money and Conflicts

When you use our brokerage services you may pay us a transaction fee, per transaction, an annual commission fee also known as a 12b-1 fee, and/or a management fee depending on the type of investment.

- i. **Proprietary Products:** If you hold mutual funds managed by our affiliates within a brokerage account outside of the WFCS, LLC wrap programs, you will pay a management fee to us. Therefore, we have an incentive to recommend investment products and options managed by our affiliates.
- ii. **Third-Party Payments:** We are paid a transaction fee by a third party any time you buy or sell mutual fund shares that are not advised by our affiliates. This is in addition to the commission fee you will pay to us for the purchase or sale of any security not advised by our affiliates, including mutual funds, equities, and fixed income securities. Therefore, we have an incentive to recommend third party mutual funds.

- iii. **Margin:** We receive a percentage of the interest paid on margin accounts our clients hold with WFCS, LLC. Therefore, we have an incentive to recommend you open and maintain margin accounts.
- iv. **Money Market:** WFCS, LLC will provide you with an automated sweep account option through a variety of money market funds at no additional cost to you. We will receive a monthly rebate from WFCS, LLC based on the value of your money market sweep account assets. Therefore, we have an incentive to recommend that you use a sweep account and recommend certain money market funds that pay the highest rebates.
- v. **Churning:** We are paid every time you make a transaction. Therefore, we have an incentive to increase your trading frequency.

Investment Advisory Services: Examples of Ways We Make Money and Conflicts

Generally, we earn revenue through a revenue sharing agreement with WFCS, LLC. We receive a percentage based on the balance of your margin account, and money market sweep account.

- i. **Margin Account Balances:** We receive a percentage of the interest paid on margin accounts our clients hold with WFCS, LLC. Therefore, we have an incentive to recommend you open and maintain margin accounts.
- ii. **Money Market Fund Account Balances:** WFCS, LLC will provide you an automated sweep account option through a variety of money market funds at no cost to you. We will receive a monthly rebate from WFCS, LLC based on the value of your money market sweep account assets. Therefore, we have an incentive to recommend you use a sweep account and to recommend certain money market funds that pay the highest rebates.
- iii. **Proprietary Products:** If you hold mutual funds managed by our affiliates within certain WFCS, LLC wrap programs, we will provide a credit to you to offset the management fee charged by each such affiliated fund each quarter, up to the amount of the advisory fees then due from you.
