Marketing Communication

## Fund Objective and Proposition

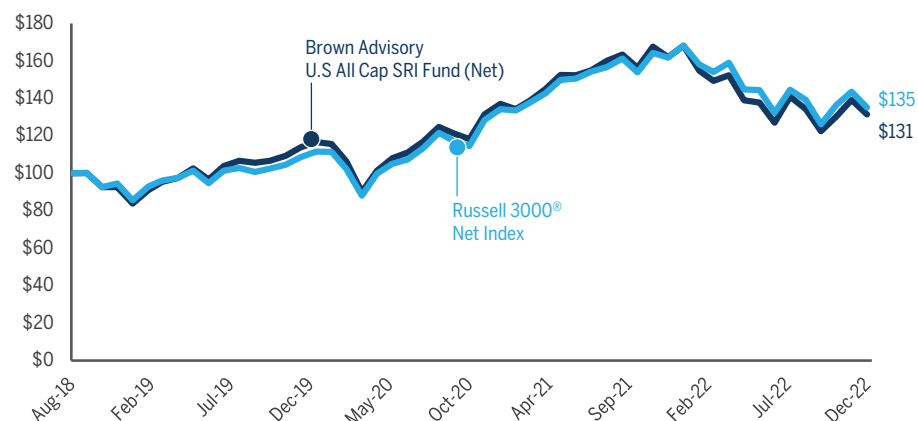

The Brown Advisory U.S. All Cap SRI Fund aims to achieve capital growth. This Fund falls within our Active ESG range of funds, and was launched under our UCITS umbrella on 28th August 2018. We believe that security selection based on fundamental research with an integrated ESG approach can outperform benchmarks over time, reduce volatility and help manage risk in portfolios. By leveraging our fundamental equity research capabilities across the U.S. equity universe, and incorporating our integrated ESG research and select negative screens, we have constructed a portfolio that focuses on idiosyncratic risk, targeting a low tracking error to the Russell 3000 Index whilst maintaining a high active share. We believe that this Fund can deliver an attractive, Low cost, and best-in-class socially responsible investment opportunity to our clients.

## ESG SCREENS

The Fund is an Article 6 financial product for the purposes of Regulation (EU) 2019/2088 of the European Parliament and of the Council of 27 November 2019 on sustainability related disclosures in the financial services sector (SFDR). The Fund intends to invest in companies with measurable ESG outcomes, as determined by Brown Advisory, and seeks to screen out particular companies and industries. In addition to our proprietary and qualitative ESG analysis, we rely on a third-party provider to apply a rules-based screening process which seeks to identify companies that may have controversial business involvement, as determined by Brown Advisory. For example, the Fund seeks to exclude companies that may defy the United Nations Global Compact Principles. The Fund also seeks to impose investment guidelines on possible controversies including, but not limited to, controversial weapons, conventional weapons, animal testing, fossil fuels, adult entertainment, alcohol, tobacco and gambling.

Note: For further information please contact us and see our website: [www.brownadvisory.com/intl/sustainable-investing](http://www.brownadvisory.com/intl/sustainable-investing). It is important for investors to understand that the data informing this process is derived from third party sources, including companies themselves. Although we believe our process is reasonably designed, such data is inherently subject to interpretation, restatement, delay and omission outside of our control. Investors are informed that criteria applied in developing "socially responsible" screens may be additional to the criteria disclosed above.

The Fund is an Article 6 financial product for the purposes of Regulation (EU) 2019/2088 of the European Parliament and of the Council of 27 November 2019 on sustainability related disclosures in the financial services sector (SFDR). ESG considerations that are material will vary by investment style, sector/industry, market trends and client objectives. The strategy seeks to identify companies that it believes may have desirable ESG outcomes, but investors may differ in their views of what constitutes positive or negative ESG outcomes. As a result, the strategy may invest in companies that do not reflect the beliefs and values of any particular investor. The strategy may also invest in companies that would otherwise be screened out of other ESG oriented funds. Security selection will be impacted by the combined focus on ESG assessments and forecasts of return and risk. The strategy intends to invest in companies with measurable ESG outcomes, as determined by Brown Advisory, and seeks to screen out particular companies and industries. Brown Advisory relies on third parties to provide data and screening tools. There is no assurance that this information will be accurate or complete or that it will properly exclude all applicable securities. Investments selected using these tools may perform differently than as forecasted due to the factors incorporated into the screening process, changes from historical trends, and issues in the construction and implementation of the screens (including, but not limited to, software issues and other technological issues). There is no guarantee that Brown Advisory's use of these tools will result in effective investment decisions.
