## Brown Advisory U.S. Sustainable Growth Fund Brown Advisory

The fund meets the quality standard for sustainable investments in the German speaking countries developed by Forum Nachhaltige Geldanlagen e. V. (FNG; SIF of Germany, Austria, Liechtenstein and Switzerland). Certified funds pursue a professional and transparent sustainability approach. Its implementation has been verified by an independent assessment of the University of Hamburg and supervised by an external committee.

The fund receives two of three possible stars for a particularly ambitious and comprehensive sustainability strategy. Additional points can be achieved in the categories of institutional credibility, product standards and portfolio-focus (selection- and dialogue strategy, KPIs).
